Book your next outdoor excursion from the many hunting and fishing guides

The Enid A.M. Ambucs is a non-profit 501 c(3) organization that raises money to help all people with handicaps by "Creating Mobility and Independence For People With Disabilities".

ENID A.M. AMBUCS

The Enid A.M. Ambucs is part of a National Civic charitable service organization consisting of a diverse group of men and women dedicated to "Creating Mobility and Independence For People With Disabilities". Members fulfill the organization's mission by Performing Community Service, Providing Scholarships to Therapists, and Providing Amtryke Therapeutic Tricycles to Children with Disabilities. Chapters provide fun, innovative service opportunities for people who want to help their community but do not necessarily have a lot of time to do so. By working together, AMBUCS volunteers make their spare time go a long, long way. When someone joins AMBUCS, they join a group of individuals who are ready to make a difference in their community. AMBUCS local and national service programs generate intense satisfaction and pride. As members work together, they contribute to chapter activities and goals, while learning new skills that can pay lasting dividends in their professional lives. They also have the opportunity to make valuable contacts and develop essential leadership skills.

The AMBUC organization gives away more money for scholarships for therapists than any other service organization.

The Amtryke is a therapeutic tricycle designed to help develop weak muscles, increase coordination, and improve balance along with building self-esteem. The Amtryke also allows children to become mobile, sometimes for the very first time. The AMBUC organization gave away 2000 Amtrykes to very deserving children with disabilities in 2007. That number was up 30% from the previous year and will certainly increase more than that this year.
